

Press Release

Lindstrands' SVEG Crowned as Glove Test Champion

- SVEG wins comparison test among 12 motorcycle gloves priced between 100 and 200 Euros
- Exceptional fit for all testers
- High safety ratings

Mustasaari, Finland, May 8th, 2024) In a comprehensive comparison test of motorcycle gloves conducted by Europe's premier motorcycle publication, "MOTORRAD," the Lindstrands SVEG has emerged as the undisputed winner, solidifying its status as the pinnacle of performance and comfort in the industry.

Highlighted by its exceptional attributes, the Lindstrands SVEG impressed MOTORRAD's testing team with its vast range of sizes tailored to all riders, superb fit and unparalleled comfort, effective ventilation for enhanced breathability, smooth, seamless construction ensuring optimal comfort, outstanding mobility and grip sensation, Hi-Art reinforcements on the palm for added protection, touchscreen compatibility for modern convenience, and laminated palm for durability and longevity. Thanks to the NUDUD technology, touchscreens can be operated even while wearing gloves.

MOTORRAD's testers unanimously lauded the Lindstrands SVEG, using superlatives like "perfect" to describe its fit—a rare occurrence in their testing protocol. This resounding endorsement culminated in the Lindstrands SVEG being crowned as the ultimate test winner.

This outstanding success underscores the high quality, comfort standards, and, importantly, safety aspects of Lindstrands motorcycle garments. It's noteworthy that the SVEG, priced at only 129 Euros, was the second cheapest glove in the test.

Results of Lindstrands SVEG in detail from MOTORRAD issue #10, published April 26th:

POSITIVE: Huge variety of sizes, excellent fit, high comfort, good ventilation, soft and smooth, no seams noticeable, excellent mobility and grip feeling, Hi-Art reinforcements on the palm, touchscreen compatible, laminated palm.

NEGATIVE: Moderate abrasion protection, short cuff does not fit over sleeves, no wiping lip, material on the sides of the fingers sensitive to Velcro.

CONCLUSION: This is rare: a glove where all testers in the protocol use the word "perfect" when it comes to fit. The SVEG not only fits well but is also comfortable and waterproof. **Test winner!**
